

Learn to Skate

Session 2

@JM McDonald Complex
Cortland Figure Skating Club

If your child is interested in figure skating, hockey, or just learning the basics of skating, this program is for them! Skating will teach your child so much more than the fundamentals of skating, it will also: build their confidence, teach them to focus, and promote determination and perseverance all while having fun. ☺

This is a production year for our Club! We put on a big show at the end of the season to share all we have learned. Our Learn to Skate has always been a huge hit and we hope you will consider allowing your skater to be a part of the show! ☺ There is no additional ice fee for the 4 practices that LTS will have, which is courtesy of the Skating Club. The only costs to you will be the participation fee of \$55 (which covers the costume) and the price of the tickets (@ \$9 per person) to see the show. We will need commitment and to do measurements on the 1st day of your child's skating session in January.

Production rehearsal dates (if your skater decides to participate): 3/9, 3/12, 3/16, 3/19

Dress Rehearsal (if your skater decides to participate): 3/25

Production (if your skater decides to participate): 3/26 & 3/27

Registration - please fill out and bring on the 1st day of your session.
